How to make a call

1. Find the 199 code

How can you find the right 199 code, corresponding to the destination you are interested in:

- Consult the countries' complete list (follows in this document);
- Do a search using the box at the top of the screen on **www.teleprice.biz**
- Dial anyone of our 199 codes and wait without entering anything. This will give you access to the main menu and all necessary information about destinations and rates.

2. Make the call

- dial the 199 code you have found;
- wait for the connection (free message about the cost of the call);
- enter the number, including the international dialling code.

TelePrice Rates

Teleprice has only five 199 codes for calls to anywhere in the world!

Each 199 access code corresponds to a specific rate from a fixed-line phone.

From your mobile phone, there is just one code for calling all available destinations:

199.404.400

From a Fixed-Line Phone

Rates expressed in Eurocents, including V.A.T., applicable 24 hours.

Remember

- You can access Teleprice from a fixed-line phone if you have a contract with Telecom Italia or Fastweb.
- You can access Teleprice from mobile phones using Vodafone, Tim, Wind and 3.
- All calls made with TelePrice are charged directly on the phone bill or, in the case of a mobile phone with a rechargeable card, are deducted from your credit.
